EXPERIENCE

Ayahtek Sep 2024 – Sept 2026

Junior Software Engineer (promoted from Intern, Apr 2025)

- Built, maintained, and deployed production web applications, including HR Management Systems, Enrollment Booking Systems, Ticketing Platforms, and Invoice Management Systems, supporting business operations, customer workflows, and enterprise process automation.
- Developed and integrated third-party APIs and cloud services including Maya Payments & Vault, Stripe, Brevo, and AWS S3, enabling secure payment processing, email automation, document management, authentication, and cloud storage.
- Designed, developed, tested, and maintained scalable RESTful APIs and full-stack applications using Laravel, Express.js, Vue 3, Next.js, PostgreSQL, and MySQL, improving system reliability, performance, and maintainability across multiple business platforms.
- Collaborated across the full Software Development Life Cycle (SDLC) within Agile Scrum teams, participating in requirements analysis, system design, software development, testing, deployment, debugging, code reviews, and continuous improvement initiatives.

CHANZ GLOBAL

Web Developer Sep 2026 - Ongoing

- Maintained and enhanced an e-commerce system using a headless Shopware 6 storefront and custom plugins, with a Next.js frontend consuming the Shopware Store API.

PROJECTS

HR Management System — *Laravel · React · Maya API · MySQL · Brevo · AWS S3*

Contributed to a full-featured HR platform covering attendance, payroll, employee/admin management, RBAC, and subscription billing, with Maya, Brevo, and AWS S3 integrations.

Booking Management System — *Nuxt.js · Supabase · Maya API · Brevo · AWS S3*

Contributed to an enrollment and booking platform with appointment scheduling, credit purchases, merchant onboarding, and account verification, integrating Maya, Brevo, and AWS S3.

Ticketing Management System — *Laravel · Vue 3 · MySQL · Brevo · AWS S3*

Contributed to an internal support and issue-tracking platform with RBAC, ticket lifecycle management, real-time status monitoring, and client-facing submission and tracking.

Invoice Management System — *Express.js · Next.js · PostgreSQL · Brevo · AWS S3 · Stripe*

Contributed to a digital invoicing and billing platform handling invoice generation, payment reconciliation, and transaction tracking, with Stripe payments and Prisma ORM.

E-commerce System — *Shopware 6 · Symfony · Next.js · Store API*

Maintaining and enhancing the company's e-commerce website using a headless storefront built on Shopware 6.

Restaurant Operations Platform (Freelance) — *Python · FastAPI · PostgreSQL · SQLAlchemy · Redis · Celery · AWS S3*

Contributed to the backend of a multi-brand restaurant platform managing stores, menus, guest profiles, and delivery settings, with role-based access, Microsoft Entra SSO, real-time announcements, and webhook integrations.

Genesis Biz Consultancy (Freelance) — *Next.js · Resend*

Designed and developed the company's business consultancy website (genesisbizconsultancy.com) from the ground up, including service pages, consultation scheduling, and Contact Us lead generation — which drove approximately 50% of the client's website-generated leads.

Clinicore (Freelance) — *Next.js · Laravel · OpenAI API*

Contributed to an AI-powered clinical document management platform (clinicore.io) with an AI assistant, leveraging OpenAI APIs for content generation, workflow automation, and compliance validation.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, PHP, SQL, Python

Frontend: React, Vue 3, Next.js, Nuxt.js, Tailwind CSS, Pinia, Redux, Zustand

Backend: Laravel, Symfony, Express.js, FastAPI, SQLAlchemy, API Integration, Webhook Integration, Authentication & Authorization

Databases: MySQL, PostgreSQL, Supabase (PostgreSQL), Database Design, Supabase Edge Functions

DevOps & Tools: Git, GitHub, Postman, Trello, Sourcetree, CI/CD, Redis, Celery, Vercel, Plesk

Other: Agile, Scrum, SDLC, Cloud Storage (AWS S3), Stripe, MAYA, Augmented Reality (Unity), Microsoft Entra, Roboflow, Agentic Coding (Codex, GitHub Co-pilot), Shopware 6

EDUCATION

FEU Institute of Technology 2019 – 2025

BS Computer Science, Specialization in Software Engineering

Award: TICAP 16 Most Innovative Thesis | **Certifications:** MTA 98-388 Java (2021) · ITS Python
